## Edward L. Schwab Memorial Foundation

Est: 1996

Edward Schwab, an architect from Illinois, established the Edward Schwab Memorial Foundation. Mr. Schwab was never married, nor did he have any children. He was however an avid hunter who became attracted to eastern South Dakota. Each year he traveled to the area to enjoy the sport. He eventually became a landowner in Clark, Codington and Hamlin counties accumulating approximately 2300 acres of farmland. Mr. Schwab rented these acres to farmers within the area and became well acquainted with those tenants and their families. Always impressed by the work ethic of his tenants' children, he observed that many of them could not afford to continue their formal education beyond high school. Schwab wanted to change that, so he conveyed his farmland into a private foundation upon his death. The foundation was instructed to manage his farmland with profits going toward grants and scholarships for area young people.

The trust department of Dacotah Bank was enlisted by the foundation's board of directors to administer the account and manage the assets. Since the establishment of the foundation in 1996, the scholarship amount awarded has increased from \$20,000 to over \$300,000 per year.
